

PRODUCT OVERVIEW — GRAND VISION

WaMPaS

What My Pastor Said

v2.0 · Richard Uzor — May 2026 · Devstrike Digital Limited

01 — EXECUTIVE SUMMARY

WaMPaS is a unified, three-layer Christian platform for Nigeria and the African diaspora. It serves as a permanent sermon archive, a living events registry, and a moral-oriented social network — built as one application whose depth expands over time.

Mission

To become the spiritual home of African Christianity on the internet — where every teaching is preserved, every event is remembered, and every believer belongs.

02 — THE THREE LAYERS

LAYER 1

The Archive

A permanent, searchable record of what the Church has taught

- Verbatim messages, quotes, and sermon summaries posted by congregants
- Indexed by pastor, church, denomination, topic, category, date, and event

- Full pastor and church profiles — community-maintained, trust-tiered
- Bible reference tagging and cross-referencing across the entire archive
- Immutable data design — verified core records cannot be silently altered
- Denomination HQ access to monitor branch teachings (Phase 3)

LAYER 2

The Events Layer

A living record of the Church's gatherings — past, present, and future

- Concluded events: messages preached, pastors present, testimonies
- Upcoming events: promotional listings for crusades, conferences, revivals
- Sponsored event promotion: churches pay to surface events to the audience
- Calendar integration: believers save upcoming events to Google Calendar
- Testimony wall: miracle and testimony accounts per event

LAYER 3

The Social Platform

A moral-oriented, values-governed Christian social network

- Public feed: posts, reflections, scripture sharing, quote sharing
- Fellowship rooms: persistent church-affiliated community group spaces
- Prayer rooms: live and asynchronous prayer sessions with answered-prayer archive
- Direct fellowship: one-to-one messaging governed by community standards
- Moral governance: community code of conduct enforced through peer + elder review
- Verified pastor presence: pastors post, answer questions, lead prayer rooms

03 — WHY IT WILL WORK

No direct competitor exists. WhatsApp is ephemeral. Facebook is ungoverned. Sermon Audio is not African. WaMPaS is purpose-built for this community — from the cultural language of the UI to the payment methods to the governance framework.

A living archive and social home for African Christianity
— where every sermon is preserved, every event is
remembered, and every believer belongs.

04 — PLATFORM UNLOCK ROADMAP

Phase	Layer	Core Unlocks	Timeline
Phase 1	Archive + Events (core)	Message posting, pastor/church profiles, concluded events, search, share cards	Months 0–4
Phase 2	Events (full) + Archive+ + Social (seed)	Sponsored events, verified profiles, public feed, pastor following, PWA	Months 4–10
Phase 3	Social (full) + Platform	Fellowship rooms, prayer rooms, DMs, HQ dashboard, AI search, multi-language	Months 10–24

05 — USER PERSONAS

Persona	Layer Home	Primary Behaviour	Retention Driver
The Scribe	Archive	Posts messages, shares quote cards to WhatsApp	Archive-building identity
The Seeker	Archive + Social	Searches by topic and pastor, browses feed	Daily feed + new archive content
The Intercessor	Prayer Rooms	Responds to prayer requests daily	Prayer streak, answered prayer alerts
The Fellowship Member	Fellowship Rooms	Active in 2–3 church/ Bible study rooms	Room community and continuity

Persona	Layer Home	Primary Behaviour	Retention Driver
The Pastor	All layers	Posts, answers Q&A, hosts prayer rooms	Congregation engagement
The Church Rep	Archive + Events	Maintains profile, creates events	Event attendance via platform
The Denomination HQ	Archive (Phase 3)	Monitors branch message compliance	Branch compliance reporting
The Diaspora Believer	All layers	Connects to home church from abroad	Fellowship room + archive access

06 — SUCCESS METRICS

Metric	Phase 1	Phase 2	Phase 3
Messages posted	1,000	25,000	250,000+
Registered users	500	10,000	100,000+
Pastor profiles	100	1,000	10,000+
Weekly active sharers	100	2,000	20,000+
Fellowship rooms	0	500	5,000+
Prayer requests posted	0	2,000	50,000+
Monthly revenue	₦0	₦300,000+	₦5,000,000+
